

## Norfolk Snowsports Social Media Statement

Norfolk Snowsports Club uses social media in its work and recognises that those who are involved in its work may also use social media either as part of their role or in their private lives. This statement is supported by a more detailed policy (copy available upon request to the Club Manager) and should be adhered to by all staff, and stakeholders as to the acceptable use of social networking at work.

This statement deals with the use of all forms of social media and all other internet postings, including blogs. It applies to the use of these communications media both for volunteering and personal purposes and its potential implications to Norfolk Snowsports Club. The statement applies regardless of the equipment being used to access the social media portals.

This statement links to all other guidelines and therefore social media should never be used in a way that breaches any of the club's other guidelines that apply to volunteers.

Inappropriate use of social media can pose risks to the club's confidential and proprietary information, reputation and can jeopardise our compliance with legal obligations. To minimise these risks the club expects its volunteers to adhere to this statement.

If a staff member or volunteer is found to be in breach of this statement, the Club Manager will address this.
